

# Dufur Visioning: Let Your Voice Be Heard!

## **We need your help with the 5-year update on Dufur's 10-year vision: *how are we doing and how to get there?***

The Dufur community came together to develop a Community Vision and Action plan in 2016. Following that process the Dufur community made school improvements, added new sidewalks, moved forward needed infrastructure projects, and upgraded park facilities leveraging outside grant funding and local investment.

It's time for community members, businesses and organizations to come together again to update this vision for what they want Dufur to be in the future. This vision will help guide development, community focus, and investments in the coming years as well as provide a reference for outside funders supporting Dufur.

### **Ways you can be heard:**

**Fill out survey with QR code to right**

**Attend meeting Nov 15th at 6pm, Dufur School,  
Dinner provided**
